MEMORANDUM FOR: SECOM Members
Chairman, R&D Subcommittee

FROM:

Chairman

SUBJECT:

Information Security R&D

[Redacted]

25X1

1. In response to tasking by the Deputy Director of Central Intelligence, the Intelligence Research and Development Council prepared a study of research and development to counter the foreign intelligence threat. This study recommended, inter alia, that the Security Committee review Community-wide information security R&D requirements and submit a plan for DCI approval by spring 1985. The study identifies information security as including:

3. Addressees are requested to identify all information security R&D being done in FY-85 and planned for FY-86 and following years. As a separate item, R&D projects that should be pursued in the information security area, but which were not formally requested because of budgetary constraints, should be identified and ranked in priority order. Responses by 22 March 1985 would be appreciated.
